Scorning Scolding is mostly a habit. There is not much meaning in it. It is often the result of nervousness and an irritable condition of both mind and body. A cant process for the arrest of many diseases person is tired or annoyed at some trival and in none can it be more effectually em cause, and forthwith commences finding ployed than scarlet fever. This should, of fault with every thing and every body in reach. Scotding is a habit very easily formed It is astonishing how soon one who indulges in it at all becomes addicted and all occurring among persons unable to to it and confirmed in it. It is an unafford seclusion, should be taken care of at reasoning and unreasonable habit. Per. public expense in appropriate hospitals, at sons who once get into the way of scold-ing always find something to scold about, hoods. And the rich should be compelled if there is nothing else, they fall a-scold to provide seclusion in isolated rooms for ing at the mere absence of any thing to cases occurring among them, or else relin-scold at, Itis an extremely disagreeable quish the care of them to the health autho-habit. It is contagious. Once introduced rities, and be subject to the necessary costs. into a family, it is pretty certain in a All clothes used by the patients should be facest to the cheapest. All styles and qualities short time to affect all the members. Pro- disinfected or destroyed. Water closets, cheap as the cheapest. plein the country more readily fall into cesspools, and drains attached to the hosthe habit of scolding than the people in pitals and dwellings of the sick, should town. Women contract the habit more frequently than men. This may be be. Morris, The Sanitarian for February. cause they more frequently live in the house, in confined and heated atmospheres, very trying to the nervous system and the health in general; and it may be partly that their natures are more susceptible and their sensitiveness more easily woun-

THE RIGHTS OF MOSQUITORS .- A tenderhearted little girl came in from the words efficient. Sleep will do much to cure irri and showed a face covered with mosquito bites. "Why did you not drive them It will restore to vigor an overworked not go," said the child. "Why did you was boain. It will tuild up and make strong a weak body. It will cure a headache. It not go, "said the child. Why did you weak body. It will cure a broken spirit. It will cure sorright," was the answer. "But I have seen right," was the answer. "But I have seen row. Indeed, we might make a long list you kill them at home," urged the surprised of nervous and other maladies that sleep mother. "Yes, mamma," argued the will cure. The cure of sleeplessness reand bige me, I kill them; but if I go into cise to produce weariness, pleasant occapa-
